Six accredited pathways · one European future

ABOUT THE INSTITUTE

Competence, not theory.

We are a career focused institute delivering internationally recognised diploma programmes in Malta across tourism and hospitality, health and social care, nursing, business, human resources and strategic leadership.

With over 20 years of experience, our qualifications lead to real careers. Our Chairman, Dr Beverly Cutajar, pioneered professional diploma education in Malta, shaping programmes aligned to European standards long before it became common practice.

Aligned to the MQF and EQF frameworks, our programmes combine academic rigour with applied sector training. Graduates leave ready to perform in hotels, care homes, hospitals, corporate offices and executive teams across Malta and the EU.

20+ years of sector expertise

Industry aligned, not generic

MQF / EQF referenced

Practical exposure in every programme

Clear progression to leadership

LICENSING & ACCREDITATION

Licensed by the Malta Further and Higher Education Authority.
Qualifications referenced to the Malta Qualifications Framework and the European Qualifications Framework.

WHY MALTA

Study in English. Graduate into Europe.

English speaking

English is an official language. Teaching, daily life and part time work all run in English.

Work while you study

Up to 20 hours weekly after the first 12 weeks, with a permit.

EU recognised

MQF and EQF referenced qualifications recognised across Europe.

Safe and warm

Mediterranean island, 300 days of sunshine, one of Europe's safest countries.

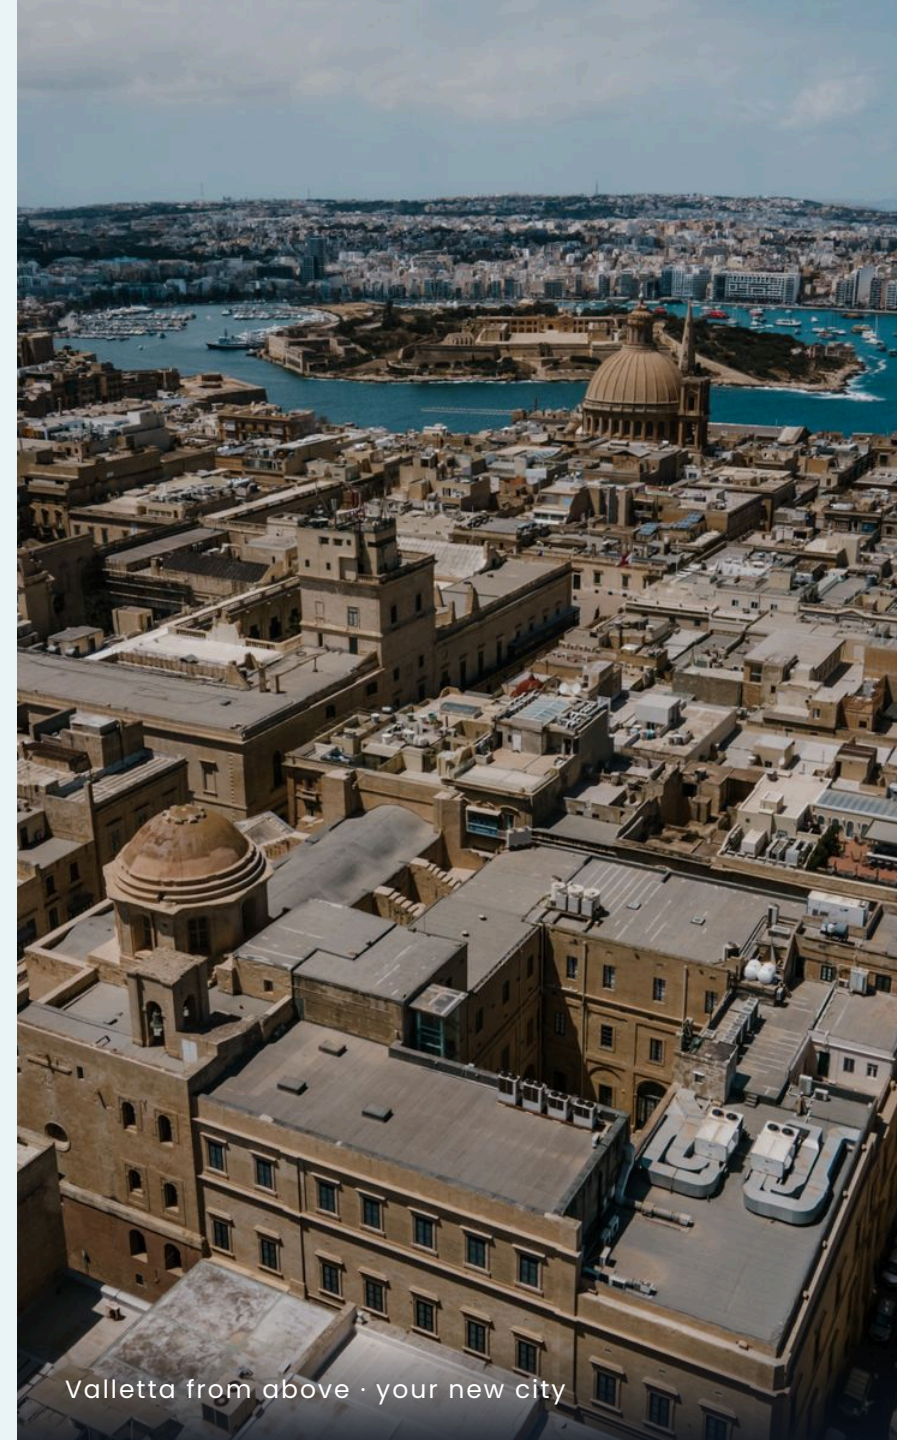

8,252

international students

+27%

growth in one year

Europe's fastest growing study destination, and a gateway to careers across all EU member states.

WHERE YOU WILL LEARN

Modern facilities. Real student life.

Modern campus and labs

Dedicated student hub

Small classes, real attention

Applied training on site

Nursing Bridging Course

The only bridging course in Malta aligned with the newest EU and Maltese guidelines for nursing practice.

- Built for qualified nurses who trained outside the EU and want to register and work in Malta.
- 1,000 hours of total learning: 20 weeks of taught modules and simulation, then around 13 weeks of supervised clinical placement across Malta and Gozo.
- Official Maltese CNM registration number on completion, a direct route to employment across all EU member states.
- UK and Irish bridging programmes often cost €9,000 to €12,000. Ours is €6,000 with full EU recognition.

CAREER PATHS

First Level Nurse (CNM registered)

Hospital Nursing

Care Home Nursing

Community Health

EU wide nursing careers

BEST VALUE IN EUROPE

INCLUDED WITH THIS COURSE

Interview for a paid job, 20 hours a week

Apply for part time work in a Maltese health institution, to facilitate entry into the Maltese and European job market.

NURSING BRIDGING COURSE · INSIDE THE PROGRAMME

Seven modules. Then the wards.

Theory first: 20 weeks of taught modules with face to face simulation sessions. Then around 13 weeks of supervised clinical placement in healthcare facilities across Malta and Gozo.

English Language

Active participation in the programme and confident communication with local patients.

Leadership & Multidisciplinary Work

Decision making, teamwork and patient care coordination in diverse clinical settings.

Surgical & Medical Nursing

Malta's most common medical and surgical conditions: assessment, anatomy, evidence based care.

Gerontology & Elderly Care

Ageing theories, demographic trends and person centred care for elderly patients.

Mental Health Nursing

Contemporary mental health nursing: promoting, maintaining and restoring mental health.

Ethics

Principles and standards guiding nursing conduct, per the Maltese CNM code.

Infection Control

Latest prevention, containment and control procedures for healthcare settings.

Clinical placement

Supervised practice hours in hospitals and care settings across Malta and Gozo.
